

The Near Southwest Preparedness Alliance Presents:

PEDIATRIC TABLETOP EXERCISE

MARCH 19, 2020

Disaster and mass casualty events are unpredictable and can quickly overwhelm response systems. Does your organization have a plan to address a potential pediatric event? As a Coalition, we are currently developing plans that will identify the pediatric experts and resources that exist within the region.

The goal is to become better prepared to respond to a significant pediatric incident impacting our healthcare system, but we need your help! Your expert advice and input will inform regional planning efforts when it comes to the development of these plans. Join us as we embark on this endeavor!

Target Audience

- Community and Hospital based Emergency Managers
- EMS Personnel
- Hospital Administration and Emergency Dept, ICU, PICU, NICU, and Social Workers
- Public Safety
- Public Health
- Physicians
- Pediatric Professionals
- Transportation Agencies
- Local, Regional, and State Emergency Responders
- Red Cross
- OCME

If you are interested in attending this exercise and don't fall under any of the Audience categories above, we encourage you to still register and be part of the discussions. All input is greatly appreciated!

March 19, 2020

Registration 8:30-9:00am

Exercise 9:00am-12:00noon
