KEYNOTE SPEAKER

Daniel W. Spaite, MD, FACEP

Dr. Daniel Spaite is a tenured Professor and holds the endowed Distinguished Chair of Emergency Medicine at the University of Arizona College of Medicine. He is the Director of EMS Research at the Arizona Emergency Medicine Research Center. Dr. Spaite has published more than 100 original scientific articles and has presented his research on EMS, cardiac arrest, trauma systems, EMS outcomes analysis, and EMS cost analysis at many conferences internationally. In 2010, he was awarded the Ronald Stewart, MD Career Award by the National Association of EMS Physicians. It is the highest honor awarded by NAEMSP and is given for "outstanding contributions in prehospital care and the development of quality EMS throughout the world."

Platinum Level Sponsor

GENERAL INFORMATION

The purpose of our symposium is to offer EMS providers and hospital personnel in our community, with a high quality, yet affordable educational experience. Our goal each year is to tailor this educational event around the suggestions and desires of the previous attendees. To that end, and based on previous symposium feedback, this year's focus is to provide a greater variety of hands-on education. In addition to adding five new skills labs, we have maintained our dedication to finding the best speakers the nation has to offer. This year we will have a total of 21 topics, including the hands-on skill labs. This format provides a variety of choices for the participant and will allow each attendee to choose the presentation that best suits their needs. CEU's will be provided, at the end of the day, for both EMS providers and RNs.

REGISTRATION

The registration fee is **\$35.00**. Fee includes continuing education hours, a light breakfast, hot lunch, conference materials, door prizes and t-shirt. **DEADLINE FOR REGISTRATION IS MARCH 1ST, OR WHEN CAPACITY IS REACHED. THIS CONFERENCE WILL SELL OUT. PLEASE REGISTER EARLY. No refunds after March 1st.**
