Dave is an award winning speaker and author who helped create Fisdap. His passion for valid written and practical exams inspires educators. Dave blends his experiences as a paramedic, educator, researcher, author and accreditation site visitor to ignite new motivation in your practice and in student learning.

Work with other educators to learn:

ITEM WRITING

Create and validate written exam items that test critical thinking.

ITEM ANALYSIS

Required for accreditation, this process helps identify flawed questions.

BLUEPRINTING

Design balanced exams that reliably measure cognitive ability.

STANDARD SETTING

Set defensible cut scores that accurately measure who passed and who failed.
