

Basic Designated Infection Control Officer Training Course

Presented by: Katherine West, RN, BSN, MSED and James Cross, JD.

Dates: July 15th & 16th 2016 - **Time:** 8:30am to 5pm

Location: Roanoke Valley Regional Fire/EMS Training Center

1220 Kessler Mill Road, Salem, VA 24153

Casual Attire — Catered Lunch

Cost: \$ 365.00 per person

Registration Cut off: Sunday July 10th, 2016

This two-day course is designed to prepare the infection control officer to fully meet the requirements of the position under NFPA 1581, OSHA, and the Ryan White Law. The Ryan White Law states that each fire, EMS, or law enforcement agency must have a designated officer to manage exposure issues for the department. Understanding this role and the many aspects of this job is important to assist with department risk management and department member advocacy.

The role and responsibilities along with a job description are presented along with Step by step program formulation to enable the course participant to return to his/her workplace and set up a working program. A well trained designated officer will be an effective advocate for both the members of the department as well as the administration.

Day 1: 8:30 AM – 5 PM

- Review Laws & Regulation Process
- Review Job Description
- Review Bloodborne Pathogens & TB regulations
- Review Recordkeeping

Day 2: 8:30 AM – 5 PM

- Review the Disease Process
- Review communicable diseases
- Continued review communicable diseases
- Review Post-exposure Medical Protocols

Registration Made Easy at: <https://ic-ec.com/training/officer-training>
